

Ember Call Out 2024- Application Form

Ember is calling for applications from community-based mental health initiatives working in low- and middle-income countries who would like to partner with us. Successful initiatives will be offered a 12-month partnership with Ember, customised to support and strengthen the sustainability and growth of the organisation based on their needs.

Before filling in this application, a few things to note:

- Please make sure you are eligible to apply and Ember is the right partner for your initiative by reading through the information [here](#).
- Please note that some of the responses have **word limits** and only those marked by an asterisk are mandatory.
- **We are not looking for perfectly written language or technical terms**, and we are aware that English, Spanish and Arabic may not be the first languages of many applicants. We are interested in knowing more about the work you do, your experiences in day-to-day life, and the story behind your initiative.
- **We do not exclude organisations on their size, budget, or the stage of development they are at.** Please feel free to be as open and honest as you can be as we are not looking for partners who have got everything 'perfect'. We would like to get to know the real you.
- If you need any assistance with application, please write to: calloutsupport@embermentalhealth.org
- Please visit our [Frequently Asked Questions](#) page for more information.
- Before submitting the application, please read our [Privacy Policy](#).
